CNS Recognized For Achieving Cisco Customer Satisfaction Excellence

CNS today announced that it has maintained the level of customer satisfaction and requirements to be recognized by Cisco Systems as achieving *Customer Satisfaction Excellence*.

“Cisco Systems is pleased to recognize and congratulate COMPUTER NETWORK SOLUTIONS LLC (USA) for achieving *Cisco Channel Customer Satisfaction Excellence*.

Cisco Customer Satisfaction Excellence is the highest distinction a partner can achieve within the Cisco Channel Partner Program. CNS will be recognized for *Customer Satisfaction Excellence* in the *Cisco Partner Locator* (www.cisco.com/go/partnerlocator). A special star indicator will represent this achievement. Customers, Cisco personnel and partners will be able to identify CNS as having achieved outstanding customer satisfaction as part of Cisco’s worldwide assessment process.”

Channel Customer Satisfaction Excellence assessment is based upon the customer satisfaction results captured in the Cisco partner access online tool (www.cisco.com/go/pal). Each quarter, Cisco acknowledges certified partners that have the highest customer satisfaction distinction within each geographic region.

Customer Satisfaction Excellence is a core value shared by both CNS and Cisco Systems, and a key driver of our current and future success.
